

For the past several months and behind the scenes, AFBL has been hard at work envisioning a new “client experience” that has the potential to revolutionize the way legal services are delivered. Basically, we’re building on the great experience our clients have become accustomed to in the past and taking our service delivery to an entirely new level. We have listened to their likes, dislikes, and special requests and believe these new upgrades will enhance outcomes and create an even greater sense of “family,” which has been our goal since the inception of our firm.

To that end, we have designed and developed state-of-art software that will allow our clients access to their personal files/documents and to stay up-to-date on their case’s status via a new mobile app. We’ll also soon be beginning a major office build-out to create an open-space environment and to make our our offices even more welcoming. And we’ll be sharing a few more surprises with you down the road!

We are grateful for the relationship we share with you and look forward in the year ahead to rolling out this one-of-a-kind client experience.

The Allen, Flatt, Ballidis & Leslie Team

Am I Covered For That?

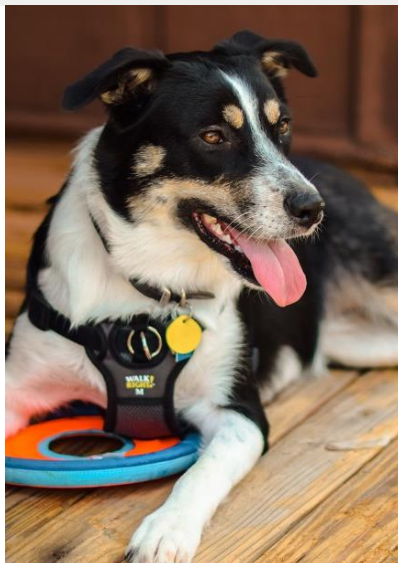

Most of us carry various types of insurance including auto, health, life, homeowners, and some more unusual policies for GAP that covers the balance of a loan when your vehicle is declared a total loss. Here is a short list of incidents that are covered by the various policies that may be news to you.

Bitten by a Service Dog? Might Be Time to Call a Lawyer!

Who doesn't want to cuddle a puppy with a wagging tail or a toy dog held in its owner's arms? In fact, for dog people, there is no canine alive that doesn't get an "Awww!" But our law firm wants to remind you that you shouldn't pet just any animal!
